

AED Refresher Training

AED Refresher Training is a new 1-hour training class offered by Environmental Health & Safety starting in 2008 which covers the operation of campus AED's. This is not a CPR review course.

This course is required for all currently certified TU CPR Providers and must be taken in your "off-year" (the year between CPR certification classes) to maintain your Certification. This training is included in all of our CPR Certification classes so there is no need to register for this class if you are scheduled for re-certification this year.

To attend, you must be currently CPR Certified (by TU or other nationally accredited organization) and have a valid CPR Card. You'll have to show your current valid CPR Certification Card so please bring your card to class with you.

The class is typically offered on the first Monday of every month (except Holidays) from 10-11am in 7400 York Road, room 302 and is limited to 25 individuals. (Minimum class enrollment is 5 individuals/class.) The class is only open to University faculty, staff and employees and there is no charge. Contact EHS to verify exact class dates & times.

Scheduled training dates for calendar year 2009 are listed below:

January 5, 2009 (canceled)	July 6, 2009
February 2, 2009	August 3, 2009
March 2, 2009	September 7, 2009
April 6, 2009	October 5, 2009
May 4, 2009	November 2, 2009
June 1, 2009	December 7, 2009

If there are any questions or to register, please contact EHS at (410) 296-7963 or at safety@towson.edu.
