Disability Support Services Application

To apply for Disability Support Services, complete this application. Attach documentation of your disability with the application, if available. Submit to the DSS office by fax, mail or in person. After it is received, DSS will contact you for an appointment to discuss your disability-related needs and requests.

What is your diagnosed disability or disabilities?

What accommodations are you requesting, and how will they help you?

Describe how your disability may impact your learning or living at Towson University:

Please continue on reverse side.

Is there any other information you want us to know?

I understand that submitting this application is one of three steps needed to register with DSS. In addition to the completed application, appropriate disability documentation supporting the requested accommodations/services must be provided. Third, a meeting with a DSS Specialist is needed to discuss your disability-related needs and requests. DSS reserves the right to request updated or additional documentation. Accommodations received at another institution are not binding to Towson University. DSS reserves the right to assess what accommodation is appropriate and may provide an effective alternative accommodation.

Student's Signature

Please submit documentation of your disability, if available, along with this application.
