

# For Students Who Need to Take Developmental Mathematics

**Do you want to satisfy this requirement before you start your freshman year?**

If your test scores indicate that your mathematics skills need improvement, you will be required to complete one or more refresher courses. These courses must be taken at Towson University. Developmental Mathematics refresher courses are offered during the summer, as well as during the fall and spring terms.

Taking Developmental Mathematics during the summer can be a good option for you, as it allows you to

- concentrate on mathematics by taking classes four days a week
- get plenty of individual attention as summer class sizes tend to be small
- start your fall semester schedule with this prerequisite out of the way

## Class information

### Session 1 May 26-June 26

Class	Section	Days	Times
DVMT 101	001	M, T, W, R	8:30a-11a
DVMT 110	001	M, T, W, R	9a-10:50a
DVMT 110	002	M, T, W, R	11a-12:50p

### Session 3 July 6 – August 6

Class	Section	Days	Times
DVMT 101	030	M, T, W, R	11:15a-1:45p
DVMT 101	031	M, T, W, R	11:15a-1:45p
DVMT 110	030	M, T, W, R	9a-10:50a
DVMT 110	031	M, T, W, R	9a-10:50a

To take a Developmental Mathematics course this summer, contact

Kevin Webb  
Office of Admissions  
kwebb@towson.edu  
410-704-2811

For more information about test scores, re-test policy, etc., please visit [www.towson.edu/placementtesting](http://www.towson.edu/placementtesting)

Students are allowed to retake a placement test in a basic skill area if their score is within the minimum acceptable range for re-testing.
