Title of Experience _____
Sponsoring Agency of Organization _____
Date(s) of Participation _____

Other professional development experience:
Title of Experience _____
Sponsoring Agency of Organization _____
Date(s) of Participation _____

RESEARCH SITE PREFERENCES –

List your **top three** choices for internship placement

#1 _____

#2 _____

#3 _____

ESSAY RESPONSES

Prepare thoughtful and thorough answers to each of the questions below and attach to your completed application.

Answers to each question (except for #1) should NOT be more than two double-spaced typed pages. Please observe length limitations.

Your answers will be read, scored, and ranked by a committee that will make selection recommendations. The research sites will also receive a copy of your application and will retain final approval for selection.

1. For EACH of the three internship sites you selected above, describe **in detail** why you are interested in the research at that particular site. Include in your response
 - 1) Why would you like to be selected for an internship at the specified site? Discuss your skills, motivation, present situation, or any information that particularly qualifies you as a candidate for that site.
 - 2) Describe the commonalities between the research at the site and your specific interests and background. Discuss interesting past courses you may have taught or taken, any prior research experience, content interests, and any other formal or informal mathematics, science, or technology expertise.

Please respond separately for each of the three research sites – ***no more than two double-spaced typed pages per response.***

2. Briefly describe your level of computer proficiency. What computer systems do you use (MAC, PC)? What software do you use? How? Do you regularly use the Internet? How?
3. As an Intern, you will serve as a resource for other science and math teachers, as well as future teachers, in Maryland. What do you hope to **both gain and give** by participating in summer research?

!! *Please print this page and mail or fax separately
if application is being forwarded electronically.*

AGREEMENT TO PARTICIPATE

Principal Agreement: *I understand that this teacher has applied for a summer internship through the Maryland Educators' Summer Research Program. During the 2004-2005 school year, I understand he/she will participate in several outreach activities, which may occur during school hours. I agree to support the professional development outreach activities that will be required during the upcoming school year.*
